

## **Divine Mercy Chaplet**

We pray for the intentions of mothers contemplating abortion, the infants dying in the wombs, victims of euthanasia, stem cell research, cloning, and for a change in the hearts of our elected political leaders.

At the beginning of each Chaplet:

- **For mothers, that they not abort their offspring;**
- **For infants in danger of being put to death in the womb;**
- **For a change of heart of providers of abortions and of their collaborators;**
- **For human victims of stem cell research, genetic manipulation, cloning and euthanasia;**
- **For all entrusted with the government of peoples, that they may promote the "Culture of Life" so as to put to an end to the "Culture of Death."**
